

TURNING AOG TO A-OK

Exchange & Overhaul program for
Boeing 747 leading edge flap drive units.

Ontic CargoCare Exchange & Overhaul provides a ready exchange solution for your B747 leading edge flap drives - so an unexpected removal doesn't throw your schedule off course.

Avoid unpredictable costs, unplanned downtime and lengthy waits for overhaul. With exchange options built around your fleet, Ontic CargoCare keeps your operation moving with greater cost certainty, component availability and confidence built in.

01

FLAT-RATE OVERHAUL

Take the uncertainty out of overhaul costs with a predictable, agreed rate.

02

48HR GUARANTEED EXCHANGE

Minimize downtime with a serviceable exchange unit within 48 hours.

03

SHARED OR DEDICATED EXCHANGE POOLS

Get the coverage you need without carrying unnecessary spare inventory.

04

A GLOBAL PRESENCE

Hubs across Europe, America & Asia provide responsive support wherever you operate.

05

EXTENDED WARRANTY

Greater peace of mind with protection that lasts longer.

06

FLEXIBLE COMMERCIAL TERMS

Terms built around your fleet, requirements and operation.
